Date : ...26.05.2026....

To,
The National Awards Committee,
Pradhan Mantri Rashtriya Bal Puraskar,
Ministry of Women and Child Development,
Government of India, New Delhi.

Subject: Recommendation for Master Saatvik.K for the Pradhan Mantri Rashtriya Bal Puraskar-2026 (Innovation category).

Respected Members of the selection Committee,

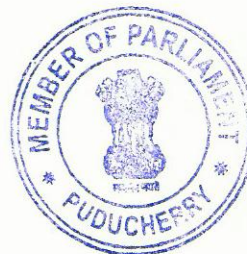

Greetings from Puducherry. I am honoured to extend my recommendation and nominate **Master K. Saatvik** (17 yrs) for the prestigious **Pradhan Mantri Rashtriya Bal Puraskar-2026** in the field of Innovation.

Master. Saatvik has brought extraordinary honour to UT of Puducherry by becoming one of our youngest ever utility patent holders. On the 22nd May 2026, he was officially granted Patent No.590011 by the Government of India for his breakthrough invention, the "Contemporary device for Dum Cooking method". Securing a full utility patent requires clearing incredibly stringent federal technical examinations-a milestone rarely achieved by an individual of his age.

His device beautifully bridges our rich cultural culinary heritage with modern, energy-efficient thermodynamic engineering. By digitizing and automating a traditionally labour-intensive process, his invention holds brilliant potential for commercial green kitchens and aligns perfectly with the vision of Make in India.

I strongly support the nomination of **Master. Saatvik** for the prestigious **Pradhan Mantri Rashtriya Bal Puraskar-2026** and I request Hon'ble members of the committee to consider him for this Award.

With kind regards,

Yours Sincerely,

V. Vaithilingam
