Mrs. *Annpurna Devi Ti*

I would like to bring to your kind notice that **Selvan. Saatvik Karthikeyan**, a seventeen years old boy, resident of Puducherry is a young innovator and founder of the Catalyst Innovation Forum. Recently he had achieved a significant milestone by inventing “**Contemporary Device for Dum Cooking Method**” and the Government of India had granted full utility patent to his innovation vide Patent No.590011. He wants to achieve the goal in bridging India’s traditional culinary heritage with modern, energy efficient thermodynamic engineering.

I am to inform that this project is directly aligns with our Hon’ble Prime Minister’s vision of ‘Make in India and Atmanirbhar Bharat’. He had received many awards from various quarters for his innovation. The device which he had innovated would be highly viable both commercially and eco-friendly green kitchens.

Considering his immense contributions in the field of thermodynamic engineering, I hereby recommend the name of **Selvan. Saatvik Karthikeyan** and may I request the Hon’ble Union Minister of Women and Child Development to kindly consider him for grant of “**Pradhan Mantri Rashtriya Bal Puraskar Award**”

With *warm regards,*

Yours *sincerely,*

(S. SELVAGANABATHY)

Mrs. Annpurna Devi,
Hon’ble Union Minister of Women and Child Development,
