

D.O. No.30/2026/LGS/CA

Dated 4th August, 2026.

Respected Annapurna Devi

I am writing to formally endorse and strongly recommend the application of Master **Saatvik Karthikeyan** (Nomination ID: 5031389) for the Pradhan Mantri Rashtriya Bal Puraskar - 2026 in the field of Innovation.

At 17 years old, Master Saatvik exemplifies the highest potential of "Yuva Bharat". He has successfully bridged our traditional culinary heritage with modern thermodynamic engineering, resulting in a full utility patent (Patent No. 590011) for his "*Contemporary Device for Dum Cooking Method.*" Earning a federal patent at this young age is a rare demonstration of technical maturity and vision.

As our nation works toward the goal of 'Viksit Bharat@2047', it is vital that we recognize youth who are actively creating sustainable and eco-friendly solutions. Master Saatvik's invention provides a highly viable, energy-efficient solution for commercial green kitchens, aligning perfectly with this national objective.

It is the duty of the State to elevate extraordinary native talent. Therefore, I request you to kindly consider Master Saatvik Karthikeyan for this prestigious honor. He is an asset to Puducherry and a true inspiration to the youth of our country.

With warm regards

Yours sincerely,

K. Kailashnathan
(K. KAILASHNATHAN)

Mrs. Annapurna Devi,
Hon'ble Union Minister of Women and Child Development,
Ministry of Women and Child Development,
GPOA 3 Netaji Nagar,
Bhikaji Cama Place,
New Delhi-110 001.
